News From Class Three

Class 3 have been looking into myths from Ancient Greece. We have learnt how Theseus slayed the Minotaur and how Medusa's vanity was her downfall. We have also been learning about Charles Darwin's theory of evolution. We have enjoyed another singing session with Class 2 and our voices are becoming strong and beautiful! We have been sketching Stone Age tools and finding out what they were used for. We have also continued our Coding module of Computing in ICT. Well done for a really hardworking week Class 3!

News

From Class Two

We have had a very busy writing week in Class 2. In Literacy we have now completed our planning for our very own stories based on the text *George and the Dragon*. We will be editing and redrafting them just like authors do ready to be placed onto the classroom wall. In Numeracy we have been using playing cards in a game to help us to create the largest two and three digit numbers based on their place value. We realised that if we put the largest digit in the 100's and 10's columns that this created the largest numbers. In Science we looked at the effects and dangers of sunlight to humans and the ways that we can protect ourselves. We are beginning to create a poster to give to the Class 1's to help them to understand that wearing a hat, sunglasses and sun cream with protection factors can help to protect themselves from the sun!

News from Class 1

We have had such a fun week in Class 1! The children have been learning all about the human skeleton and have been identifying the different bones in their body. We love the Dem Bones song and have thought of some funny actions to go alongside it. The Year 1's have been doing some fantastic number work, looking at their number bonds and learning how to count. The Year 1's have also been reading more of the *Alfie goes Camping* book and have been making some super predictions about what could have been outside the tent. The Reception children have been learning some of their letter sounds using the jolly phonics songs and actions. The Receptions have also been looking more closely at their numbers and have been able to count using small teddy bears. A huge thank you to Pippa who brought in a photo of her and Isla reading in the tea cups! Come and see if you can spot it on our display :) It's been a very hard working week so make sure you refuel over the weekend and we'll see you on Monday for more fun and learning!!
