News From Class 3

Thank you for all those who attended the rehearsal for our choir concert on Sunday. The children were fantastic and were a credit to the school.

This week we have been looking at some of last years entries to the BBC Radio Two 500 words competition. We have been inspired to write our own fantastic stories and will be sending them off by the end of next week.

We are nearly finished with fractions and decimals and the children have been showing off their new found knowledge this week.

In science we conducted an experiment to see what effect different drinks can have on your teeth. We used eggs and put them in cups of liquids and waited to see what happened. The children were disgusted by the effects orange juice, coke and vinegar would have on their teeth. They found out that milk and water were much better for them.

Well done to Nathan who won a silver medal in his doubles badminton tournament at the week-

News From Class 2

It's been a busy week in Class 2! The winter walk was cold but lots of fun! We enjoyed squelching through the muddy puddles whilst we searched for signs of winter. We even spotted the beginnings of spring, with the buds appearing on the trees.

Topic has really brought out the children's performance skills this week, as we have been acting out the events of Sir Francis Drake's life in History and singing and dancing to 'Dem Bones' in our Science lessons.

We have also been practising for our Under the Sea assembly which we are all getting excited about. We hope you can all make it. The children's homework projects will be on display in the hall for you to look at and you will also be able to look through their books to see the work we have been doing in Class 2.

News From Class 1

We have been super busy in Class 1 this week. Our highlight of the week has been medieval day! The children looked amazing in their costumes. They have enjoyed doing archery with Mr Woolston—George even got the bulls eye! We made jester hats with Miss Rodwell and shiny knights made from tinfoil. The children were super excited to race their hobby horses (thank you to everyone who brought one in!) and they were very busy preparing the grand banquet. They even had a go at writing their names on some old fashioned paper with feather quills and ink. Thank you to Sage as well for teaching us how to play draughts, we enjoyed trying to jump over our opponents to win the game. The children have been brilliant and really got into the spirit of the medieval times. We have really enjoyed it and will have lots of photos to show you!

In literacy, we have started to plan our own fairy tales stories. The children have been thinking about which characters to use in their fairy tales and have stolen villains, damsels and heroes from famous fairy tales—creating a fairy tale mash up! We can't wait to start writing it up.

In numeracy the Year 1's have been looking at the relationship between + and— and have been using the inverse to check an answer is correct. The receptions have been continuing to work on their teen numbers. They are trying to get faster at saying one more and one less than a given teen number—seeing how fast they can do it!

We have also been concentrating on our Cinderella assembly. The children are more confident with their lines and now need to practise when to come to the front to say it without being prompted. We have also been practising the song from the Cinderella movie and it sounds stunning. Hope you can make it :)
