## Class Weekly Newsletter

Friday 23rd June 2017

### News From Class 3

What a busy week we have had in class 3. On Friday afternoon last week the children had a bird-song workshop. They worked well with the adults that came in and listened carefully. They used a brand new app on iPads which taught them the different songs birds make and they enjoyed listening to some musicians who interpreting the birdsong into music. They even sang a song to the tune of a chiff chaff.

They have been working hard in rehearsals for the play this week and have started to think about their costumes. A big thank you to Sid who has started making some fabulous props.

They have written some stories this week which they have produced as books. The stories really build tension and the illustrations are fabulous. In maths we have been learning about data handling and have made some of our own graphs and solved some word problems to show we can interpret them. Thank you to those that bought in newspapers last week. We still need lots more so any donations are

### News From Class 2

It has been such a lovely week in Class 2. Sports Day was so much fun this year and the children all did so well in their races. We were very proud of their energy and enthusiasm and how they all encouraged each other to do their best.

In literacy we have been learning about prepositions ( such as, 'under', 'beside', 'on' and 'through'). The children enjoyed using prepositions to write sentences to describe where Roald Dahl's characters were hiding in a picture.

The children loved learning about the life cycle of a frog n Science this week and finding out how they start their lives before turning into our hoppy little friends!

We have been practising all our dances for the play and they are looking great! We definitely have a lot of fantastic performers in Class 2!

### News From Class 1

WOWZERS! What an exciting week! We haven't stopped! We have been practising our 3 Little Pigs play which is looking fab. The children are working hard to learn their lines and the cues needed to remind them when to come in. We have also learnt our dances for the Roald Dahl whole school performance. The children are very excited about being on stage :)

In numeracy we have been looking at weights a lot. We enjoyed exploring the different weights. We used them to make predictions about how much different objects weigh. We then checked how close our predictions were by weighing the objects on the scales. The children have worked hard to learn how to read the scales. It was very tricky when t was in-between two numbers but we managed to work it out.

We have also done some AMAZING sketches! The children really impressed us with their artistic skills. Please come in to see them on display. You'll be as proud as we are.

The Reception children were so welcoming to our new starters. They made them feel comfortable and showed them all their exciting things in our classroom. I think we'll have a lovely class next year and the Receptions are definitely ready to be Year 1's.

The children loved Sports Day. What an awesome afternoon. Well done to everyone for your races. It was great to see them having so much fun! Well done Reception children on your very first Sports Day!

Finally.... To top off our awesome week—Farmer's Day! A huge thank you to Oliver's Daddy, Farmer Nelson for coming in to talk to us about what life is like for a real farmer. We really appreciate you sharing your knowledge with us. It means more coming from you than me :)
