## Class Weekly Newsletter

Friday 30th June 2017

### News From Class 3

This week we have gone creativity mad with dance, drama, art and lots of musical activities. The children have been working really hard to learn their lines, songs and dances and we have been doing lots of rehearsals to perfect it all. It is all going really well and the children are really enjoying the practises. As well as rehearsals the children and staff have been working hard to make all of the props and sort out the costumes. We are very grateful for all the help and donations we have had for the play. We have also been designing the programme over in class 3. The children have done a wonderful job with these and our designs will be on display on the night.

Year 6 have had a busy week in and out of school. On Tuesday they went to Harrogate for Crucial Crew where they learnt about being safe. On Thursday the children who will be going to Nidderdale High School next year visited for a whole day. Some of the children even went on the bus for the first time and they took part in lots of lessons and found their way around. Although the children were a little nervous they had a great day. We are all enjoying the fun activities and are hoping for more sunshine to make it perfect.

### News From Class 2

It has been a busy and hard-working week. We've been fully-immersed in practices for the summer production and we're all very excited! We have some amazing dance routines to show you.

We've also been doing some excellent writing with illustrations and perfecting our measuring skills in maths. The children have been focusing on making their measurements of length as accurate as possible and are getting used to recording length in cm and mm. The children have loved looking at life cycles in science and creating their own pin wheels.

We have also been focusing on our handwriting this week, making sure that we are all forming our letters correctly and to the right size and practising tricky joins. Lots of fun and hard work too.

### News From Class 1

The weeks just keep getting busier and busier and more and more exciting! Class 1 want to say a massive THANK YOU to Alister Colley who delivered an amazing art day on Tuesday. The children were so excited to get his artistic knowledge and were even found drawing at play times. We studied our school building closely and Alister taught us how to stretch the building, using our imagination. We have some natural artists and it was great to see their talents hard at work! We then went on to make some magical creatures, imagining we were illustrators for a book or film. We put the character into a storyboard and took them off on lots of adventures. The children worked very hard and were so enthusiastic about what they were learning. It was very rewarding to watch :) Thank you again Alister and thank you Sienna for being an excellent helper! We really appreciated it.

Wednesday we got to meet our lovely new starters again. I am so proud of the Receptions. Every single one of them has really shone as excellent role models. They have been there ready to help and make the little ones feel comfortable and happy. On Thursday we had our amazing 3 little pigs play. We hope you enjoyed it :) The children really wanted to share it with you and I'm so pleased we were able to make it possible. They've worked hard to learn their lines and we've had some great literacy work from it. We hope you enjoyed watching it and thank you for your continuing support.

Today we've enjoyed French Day. We've been learning how to say the names of farm animals in French, really concentrating on our pronunciation. We have played games, got crafty and enjoyed some French Foods. These topic days are very rewarding for the children. We feel that they learn so much more when they're having fun and that's what Class 1 is all about :)

learning is  
**NOT**  
a spectator  
sport.  
so let's  
**PLAY!**
