## **Philosophy**

### **The school community believes that:**

- All pupils are equally valued and the school has high aspirations for all
- All pupils are the shared responsibility of all staff
- All pupils are entitled to a broad and balanced curriculum which is personalised and focused on outcomes.
- Teaching and learning will be adapted to suit the needs of learners and recognise different routes to achievement
- Early and accurate identification is essential
- There will be a flexible continuum of provision for pupils with SEND
- SEND and high needs funding will be used efficiently to ensure good progress of pupils with additional needs
- Staff will be given appropriate training to allow them to meet a wide range of needs
- Parents will be fully involved as partners in their child's education
- Pupils will be encouraged to give their views on what learning is like for them
- Governors should have access to information which will allow them to monitor and evaluate the effectiveness of the SEND policy

## **Principles**

A child is defined as having Special Educational Needs (SEN) if they have a learning difficulty which calls for special educational provision to be made or if he or she finds it much harder to learn than children of the same age.

A learning difficulty means that the child either:

- a) has significantly greater difficulty in learning than the majority of children of the same age
- b) has a disability, which either prevents or hinders the child from making use of the educational facilities which are provided for children of the same age in a mainstream school

Special educational provision means educational provision, which is additional to, or different from, the provision made generally for children of the same age in a mainstream school. Evidence suggests that approximately 75% of disabled children also have a special educational need and these pupils are also protected by the Equalities Act 2010.

Mainstream educational settings must use their best endeavours to secure the special educational provision called for by the child's or young person's needs.

## **Procedures**

**The Headteacher has the overall responsibility for the provision and progress of learners with SEND.**

**Responsibility for coordination of Inclusion and SEN provision is as follows:**

**The teacher will have responsibility for:**

- providing support for children who need help with communication, language and literacy;
- planning to develop children's understanding through the use of all their senses and of varied experiences;
- planning for children's full participation in learning, and in physical and practical activities;
- helping children to manage their behaviour and to take part in learning effectively and safely;
- helping individuals to manage their emotions, particularly trauma or stress, and to take part in learning.
- Wave 1 quality first teaching
