

## **Community Leadership Team**

Part of school life at Glasshouses is working in Pupil Leadership Teams. The Community team have had several fund raising events to help sponsor Cadidjato Balde who lives in a community with her family in Guinea Bissau. Cadidjato is 8 years old and attends primary school which is about 20 minutes away. Cadidjato's mum is a housewife and her dad is a peasant farmer

Cadidjato's house has a metal roof and a cement floor, the family use wood for cooking. The family's main source of water is a borehole which is situated about 30 minutes away from her home. The Community Team recently sent Cadidjato a birthday card to mark her 8<sup>th</sup> birthday.

By raising funds we continue to make a difference for Cadidjato, making life better for her and as the years go by, giving her more opportunities to realise her hope and dreams.

We believe every child deserves a happy and carefree childhood.
