- 6pm – Whole School Performance
- 19th July – Leavers Assembly 2.30pm
- 20th July – School Closes for Summer

Dear Parents

Another busy week at Glasshouses. Our Class 3 children visited All Saints Primary School in Bradford as part of our Linking Schools Project on Wednesday and had a fabulous time. The feedback I received from the Headteacher and staff there was very positive and commented on our CHAMPS behaviour. I am very proud of them all.

All our new children coming into school in September visited on Tuesday afternoon with their parents. They met their Year 1 buddies and had a lovely time.

We have some exciting news! Mrs Parker is expecting her second baby which will be due around Christmas time. We are all very excited by this.

Nicola Thornber

Headteacher

Dogs

Please can we remind everyone that dogs are not allowed on school premises. This is for the health and safety of the children. We thank you for your co-operation in this.

Macmillan Dress up and Dance

Thank you to everyone who supported this very worthy event. We raised a total of £99.72 which is fantastic!

Safeguarding

As the summer is here (so we are told!) so please can I remind you to ensure that your child has a sunhat and sunscreen applied. Please see the Sunscreen information sent out last term.

I would like to remind parents and Grandparents dropping children off in the morning that the children enter school with their Class Teacher and this is the time to say Goodbye to your child. If you need to see the Class Teacher to discuss a

- Class 3: Lottie

matter in private, please make an appointment at the office. The mornings are very busy times for Class Teachers and in line with our safeguarding policies, Parents/Grandparents are not permitted inside school at this time. I appreciate your support in keeping all our children safe.

The office will put the red lost property box outside the main entrance door so that you can look through if needed

Attendance

Our whole school target is set **at 98%**

Whole School this week: 93%

Class 1 – 86%

Class 2 - 98%

Class 3 – 95%

Winning Class this week with 98% is Class 2

Class 1 Weekly News

Class 1 had fantastic day at Forest schools on Thursday. They made fishing rods and went fishing in the river. Nobody caught anything!

We have had our new starters in on Tuesday afternoon and it was very exciting to meet all our new classmates.

We played outside and watered all the plants. We have planted our sunflowers in the raised bed we have been watering carefully and hoping they will grow really tall.

Can we just remind you that children need sun cream on before they come to school and we will make sure it is reapplied during the day.

Champ of the week. Layla.

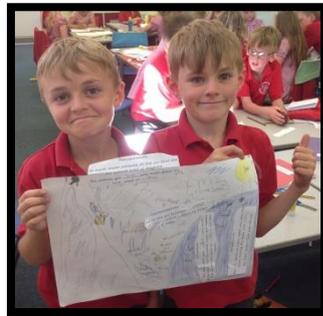

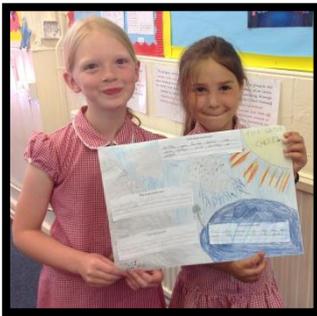

Class 2 Weekly News

What a wonderful week it's been weather-wise (although a bit hot in the classroom)! The children have done brilliantly this week in their end of year assessments and it has been fantastic to see the progress that they've made. You should all be very proud of your hard work Class 2!

We've also really enjoyed science this week. The children have finished their Water Cycle posters and they look great. We have been very impressed by how good they are at describing the complicated processes involved in the Water Cycle.

We are all looking forward to DT/Art Day today where we will be putting our creative skills to use in designing and making scenery for the summer production of Olivia Twist.

We hope you all have a lovely weekend and enjoy the sunshine.

CHAMP of the week: Olli

Class 3 Weekly News

What a busy week we have had in class 3 this week!

We have been showing what we know in our assessments this week and the children have really impressed me with the progress they have made. Year 6 went to Crucial Crew on Tuesday which they all really enjoyed. Thank you to the parents for taking them and to Mrs Hardcastle for supervising the children.

On Wednesday we were all so excited to see our friends from All Saint's primary. The children were shocked at the size of their school. We enjoyed a tour of their church, having a picnic on the grass, working together on some hand designs and we even built dens in their forest school. The children got on so well and it was lovely to see them all working together. Thank you to Mrs Romilly and Mrs Tropia for all your help. Class 3 did me proud.

The new house captains had the pleasure of meeting the new starters this week. They were all excited to do their first duties as year 6 children and did a great job too.

CHAMP of the week: Callie

Advice from the West Yorkshire Fire & Rescue Service

In this current hot weather people are often tempted to cool down by taking a swim in our reservoirs. However, cold water can be a killer and we'd like to raise awareness of these risks amongst young people. Cold water shock can lead to hyperventilation, increased blood pressure, breathing difficulties and heart attacks plus water temperatures remain just as cold in summer as in winter."

We are promoting the 'Float to Live' summer safety message from the Royal National Life Saving Institute (RNLI). In their hard-hitting video, they deliver advice on how to react should you become stricken in cold water.

Everyone who falls unexpectedly into cold water wants to follow the same instinct, to swim hard and to fight the cold water. But when people fight it, chances are, they lose. Cold water shock makes you gasp uncontrollably and breathe in water, which can quickly lead to drowning.

If you find yourself unexpectedly in the water, the message is to float until the cold water shock has passed and you will be able to control your breathing and have a far better chance of staying alive.

We'd also like to raise your awareness of Drowning Prevention Week, a campaign run by the Royal Life Saving Society UK.
